### **Freelance Graphic Designer and visual artist**

Bricqs and chroarts (that is my social media handle on facebook and instagram) - Rochester, MN  
December 2019 to Present

- I have had the honor of designing for Meridian Seeds Ghana, taking care of all their branding issues for close to 6 years.
- I was privileged to create a complete brand for Scienceworld Senior Secondary School in Sierra Leone remotely and managed their Facebook social media for 3 years boosting fresh student entry by 40%.
- I have the skill of creating and designing a website using WordPress. I have had the opportunity of developing two websites:
  - [www.bricqs.org](http://www.bricqs.org) for myself and <http://www.scienceworldstem-edu-sl.com/> for scienceworld Senior Secondary School.
- I have had designs made for lots of individuals ranging from business cards, social media flyers, to banners and billboards.
- Aside from my designing skills I do have skills in visual paintings. I have a personal Facebook account that is picking up quite well more than 5000 likes where I upload more of my paintings.
- I am a team player and always update my skills constantly.
- Some of my works can be found on Upwork <https://www.upwork.com/freelancers/~012d13c45a8f59e04c?p=1598141830791602176>
